WC Docket No. 11-_____

JOINT APPLICATION FOR TRANSFER OF CONTROL

I. INTRODUCTION

tw telecom of texas llc ("tw telecom of texas") and Managed Telecom, Inc. ("MTI") (collectively, the "Applicants"), pursuant to Section 214 of the Communications Act, as amended, 47 U.S.C. § 214, and Section 63.04 of the Commission's Rules, 47 C.F.R. § 63.04, respectfully request authority to transfer control of assets located in Amarillo, Texas, as described below.

A. Statement Concerning Streamlined Processing

This Application should be afforded streamlined processing as it complies with 47 C.F.R. § 63.03(b)(2)(i). tw telecom of texas is filing this Application to transfer all of its assets in

Amarillo, Texas to MTI. At present, MTI provides service on a resale-only basis. MTI presently has a market share in the interstate, interexchange market of less than 10 percent. Following this transaction, MTI's market share will remain below the 10 percent threshold. In addition, MTI provides competitive telephone exchange services and/or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to this transaction. Given the foregoing, this Application qualifies for streamlined processing.

In support of this Application, the Applicants provide the following information:

II. THE APPLICANTS

A. tw telecom of texas llc ("Transferor")

tw telecom of texas, a wholly-owned direct subsidiary of tw telecom holdings inc. and a wholly-owned indirect subsidiary of tw telecom inc. ("tw telecom"), is a telecommunications company incorporated under the laws of Delaware and operating out of Littleton, Colorado. tw telecom of texas operates in eight geographic areas in Texas (Amarillo, Austin, Corpus Christi, Dallas, El Paso, Ft. Worth, Houston, and San Antonio) providing business telecommunications services. These services include data transmission, IP VPN, Ethernet, business voice services (long distance and local exchange), and dedicated high-capacity services. Through its subsidiaries, including tw telecom of texas, tw telecom provides domestic interstate business telecommunications services pursuant to blanket domestic Section 214 authority.

B. Managed Telecom, Inc. ("Transferee")

MTI is a telecommunications company operating in the Amarillo metropolitan area. The company is organized under the laws of Texas and has no affiliates. MTI provides services in

the areas surrounding Amarillo, such as local and long distance phone service, PRIs, T1s, and Internet Service, on a resale-only basis. As discussed more fully below, MTI offers competitive resale services as a non-dominant carrier in Texas.

III. DESCRIPTION OF THE TRANSACTION

tw telecom of texas wishes to transfer all of the assets associated with its Amarillo operations to MTI. These assets include three DS-3 dedicated point-to-point transport circuits, currently provided to Verizon Business, which go from 203 West 8th Avenue to the AT&T/SBC central office at 113 West 10th Avenue. The DS-3s are channelized to allow Verizon Business to use 28 individual DS-1 circuits per DS-3 to transport Verizon Business's services between the two sites. At present, the only customer using the facilities is Verizon Business. MTI intends to maintain the circuits and to continue to provide service to Verizon Business. As such, the transaction will not adversely affect the current customer who receives service in connection with these facilities. The proposed transaction will not expand MTI's service area; rather, the assets that are the subject of this application will enhance MTI's capabilities within its existing service area.

IV. PUBLIC INTEREST STATEMENT

The Applicants respectfully submit that the transaction described herein will serve the public interest. MTI is a locally owned and operated non-dominant company with offices in the Amarillo area. The effect of this transaction will be to provide additional facilities to a small, local service provider. This in turn will contribute to competition within the Amarillo metropolitan area by 1) localizing customer service functions; and 2) upgrading and expanding the capacity of an existing non-dominant carrier within that geographic area. The proposed

transaction will strengthen the operations of a non-dominant carrier, providing increased competition and additional choice for businesses and consumers throughout the Amarillo metropolitan area.
